

Prepared Slide

Human Pathology		
SKU	Description	Unit price
	Human myocardial hypertrophy sec.	
	Human hyperplasia of prostate sec.	
	Squamous metaplasia of bronchus sec.	
	Human liver cell hydropic degeneration sec.	
	Human liver cell fatty degeneration sec.	
	Cardiac muscle fatty degeneration sec.	
	Connective tissue vitreous degeneration sec.	
	Vitreous degeneration of central artery of spleen sec.	
	Vitreous degeneration of renal arteriole sec.	
	Vitreous degeneration of tubular epithelial cell sec.	
	Human fibrinoid degeneration sec.	
	Human mucoid degeneration sec.	
	Liquefactive Necrosis of Brain sec.	
	Human granulation tissue sec.	
	Human tissue system histiocytosis	
	Human bronchiectasis sec.	
	Human osseous metaplasia sec.	
	Human intestinal metaplasia sec.	
	Human pathologic calcification sec.	
	Human glandular cancer sec.	
	Human renal tubule epithelium edema sec.	
	Human vertebral tuberculosis sec.	
	Human cloudy swelling of kidney sec.	
	Human kidney granular degeneration sec.	
	Human liver granular degeneration sec.	
	Human granulomatous inflammation sec.	
	Human spleen(kidney)coagulative necrosis sec.	
	Human brown atrophy of myocardium sec.	
	Cheesy necrosis of lymph gland sec.	
	Human myocardial hypertrophy sec.	
	Human renal tubular epithelial cells	
	Hyaline degeneration of arteriole of human spleen(kidney)	
	Hyaline degeneration of splenic capsule sec.	
	Human signet ring cell cancer	
	Human osteomyelitis sec.	
	scar tissue	
	2.Disturbances of Blood circulation	
	Chronic pulmonary congestion of the lung sec.	
	Chronic venous congestion of liver sec.	
	Mixed thrombus sec.	
	Hyaline thrombus sec.	
	Hemorrhagic infarct of lung sec.	
	Renal Anemic Infarct sec.	
	Pulmonary edema sec.	
	Human thrombus sec.	

	Sanguineous apoplexy sec.	
	Anemic infarct of spleen sec.	
	Pulmonary congestion (heart-failure cells) sec.	
	Pulmonary amniotic embolism sec.	
	Human infarct of brain	
	Organized thrombus sec.	
	Intravenous thrombus sec.	
	3. Diseases of Immunity	
	Adenocarcinoma of lymph gland sec.	
	Human Necrotizing lymphadenitis sec.	
	Malignant lymphoma sec.	
	Lymph node tuberculosis sec.	
	Metastatic carcinoma of lymph node sec.	
	Oral adenoma sec.	
	Splenic infarction sec.	
	Myocardial infarction sec.	
	4. Inflammation	
	Fibrinous pleurisy sec.	
	Phlegmon of appendix sec.	
	Liver abscess sec.	
	Chronic granulo matosis sec.	
	Granuloma sec.	
	Nephropostasis sec.	
	Lung abscess sec.	
	Chronic glomerulonephritis sec.	
	Chronic pyelonephritis sec.	
	Human aortitis sec.	
	Rheumatic endocarditis sec.	
	Bacterial myocarditis sec.	
	Human pneumonia sec.	
	Acute nephritis sec.	
	Acute glomerulonephritis sec.	
	Chronic glomerulonephritis sec.	
	Chronic appendicitis sec.	
	Ordinary gastritis sec.	
	Acute hemorrhagic pancreatitis sec.	
	Chronic cholecystitis sec.	
	Inflammatory polyp sec.	
	Liver cyst formation sec.	
	Semi-organized fibrous pericarditis sec.	
	Acute phlegmonous appendicitis sec.	
	Brain abscess sec.	
	Bacillary dysentery sec.	
	Epidemic encephalitis sec.	
	Encephalitis B sec.	
	Foreign body granuloma sec.	
	Human inflammatory cell of all kinds sec.	
	Human scar sec.	
	Suppurative appendicitis sec.	

	5. Tumor	
	Cutaneous papillomatosis sec.	
	Polypous adenoma of intestine sec.	
	Epidermoid carcinoma sec.	
	Mastoscirrhosis sec.	
	Fibroma sec.	
	Lipoma sec.	
	Fibrosarcoma sec.	
	Embryonal-cell lipoma sec.	
	Malignancy cell sec.	
	Fibroadenoma of breast sec.	
	Acute viral hepatitis sec.	
	Leiomyosarcoma sec.	
	Skin squamous cytoma sec.	
	Stomach mucous carcinoma sec.	
	Cornifying squamous cell carcinoma sec.	
	Basal cell carcinoma sec.	
	Breast adenofibroma sec.	
	Squamous cell carcinoma of the esophagus sec.	
	Metastatic carcinoma of lymph node sec.	
	Sarcomatoid carcinoma sec.	
	Colon adenocarcinoma sec.	
	Melanoma sec.	
	6.Diseases of Cardiovascular System	
	Atherosclerosis sec.	
	Rheumatic myocarditis sec.	
	Angioma sec.	
	Coronary atherosclerosis sec.	
	Granular contracted kidney sec.	
	Fibrinoid necrosis of vascular wall sec.	
	7. Diseases of Respiratory System	
	Squamous cell carcinoma of nasopharynx sec.	
	Chronic bronchitis sec.	
	Diffuse pulmonary emphysema sec.	
	Lobar pneumonia sec.	
	Lobar pneumonia (red liver period) sec.	
	Lobar pneumonia (grey liver period) sec.	
	Bronchial pneumonia (lobular pneumonia) sec.	
	Viral pneumonia sec.	
	Silicosis sec.	
	Asbestosis sec.	
	Squamous cell carcinoma of lung sec.	
	Small cell lung cancer sec.	
	Adenocarcinoma of lung sec.	
	Anthraxis sec.	
	Lung cancer sec.	
	Nasal polyp sec.	
	Acute pulmonary hemorrhage sec.	
	Smoking lung L.S.	

	White plague (tubercle) sec.	
	Pneumonokoniosis sec.	
	Lung adenosquamous carcinoma sec.	
	Lung adenosquamous carcinoma (3rd-degree) sec.	
	Cheesy necrosis of nodule sec.	
	Tuberculous pneumonia sec.	
	Miliary tuberculosis sec.	
	Pulmonary emphysema sec.	
	Tuberculous pleurisy sec.	
	Focal pulmonary tuberculosis sec.	
	Squamous metaplasia of bronchial mucous epithelium sec.	
	Caseous pneumonia sec.	
	Acute miliary tuberculosis sec.	
	Interstitial pneumonia sec.	
	Fibrous pneumonia sec.	
	lobar pneumonia(Dissolve non-aroused)	
	8. Disease of Digestive System	
	Esophagus cancer sec.	
	Epidermoid carcinoma of esophagus sec.	
	Ileotyphus sec.	
	Chronic atrophic gastritis sec.	
	Chronic gastric ulcer sec.	
	Adenocarcinoma of stomach sec.	
	Acute simple appendicitis sec.	
	Regional enteritis sec.	
	Fibrinous enteritis sec.	
	Carcinoid of colon sec.	
	Rectal adenocarcinoma sec.	
	Intestinal cancer sec.	
	Virus hepatitis sec.	
	Chronic active hepatitis sec.	
	Acute mild hepatitis sec.	
	Acute fatal hepatitis sec.	
	Alcoholic hepatitis sec.	
	Laennec's cirrhosis sec.	
	Liver cancer sec.	
	Bacillary dysentery sec.	
	Hepatic congestion sec.	
	Hepatocirrhosis sec.	
	Hepatic schistosomiasis sec.	
	Hepatic edema sec.	
	Cheesy necrosis sec.	
	Well-differentiated adenocarcinoma of intestine sec.	
	Moderately differentiated adenocarcinoma of intestine sec.	
	Poorly differentiated adenocarcinoma of intestine sec.	
	Villous adenoma sec.	
	Acute general hepatitis sec.	
	Chronic poisoning hepatitis sec.	
	Subacute poisoning hepatitis sec.	

	Micronodular cirrhosis sec.	
	Cloudy swelling of liver sec.	
	Cholangiocarcinoma sec.	
	Hepatocellular carcinoma sec.	
	Necrosis of liver cells sec.	
	Cholangiocarcinoma sec.	
	Pseudomembranous colitis sec.	
	9. Diseases of Haemopoietic System	
	Non-Hodgkin lymphoma sec.	
	Hodgkin lymphoma sec.	
	10. Diseases of Urinary System	
	Diffuse hyperplastic glomerular nephritis sec.	
	Diffuse sclerosing glomerular nephritis sec.	
	Acute pyelonephritis sec.	
	Renal clear cell carcinoma sec.	
	Wilms' tumor sec.	
	Transitional cell carcinoma of bladder(1st-degree)sec.	
	Transitional cell carcinoma of bladder(2ed-degree)sec.	
	Transitional cell carcinoma of bladder(3rd-degree)sec.	
	Kidney stone w.m.	
	Renal tuberculosis sec.	
	Pressure atrophy of kidney sec.	
	Clear-cell carcinoma sec.	
	Carcinoma of urinary bladder sec.	
	Hypertension diseased kidney (spleen) sec.	
	Interstitial nephritis sec.	
	Diffuse capillary hyperplastic glomerular nephritis sec.	
	11.Disease of Genital System	
	Hysteroma sec.	
	Carcinoma in-situ of cervix sec.	
	Cervical squamous cancer sec.	
	Adenocarcinoma of cervix sec.	
	Endometrial hyperplasia sec.	
	Chorio carcinoma	
	Adenocarcinoma of endometrium sec.	
	Choriocarcinoma sec.	
	Papillary adenofibroma of ovary sec.	
	Mucous cystadenofibroma of ovary sec.	
	Endodermal sinus tumor sec.	
	Fibroadenosis of breast sec.	
	Invasive ductal carcinoma sec.	
	Medullary carcinoma of breast sec.	
	Seminoma sec.	
	Congenital agenesis of testis (47, XXYtype)	
	Prostatic cancer (well-differentiated)	
	Prostatic cancer (poorly differentiated)	
	Breast cancer sec.	
	Hydatidiform mole sec.	
	Polyp of cervix sec.	

	Cervical erosion sec.	
	Ovarian cyst sec.	
	Chronic endometritis sec.	
	Pointed condyloma sec.	
	Squamous cell metaplasia of cervical mucosa sec.	
	Adenomyosis sec.	
	Teratoma sec.	
	12.Diseases of Endocrine System	
	Endemic goiter sec.	
	Toxic goiter sec.	
	Thyroid adenoma sec.	
	Papillary adenocarcinoma of thyroid gland sec.	
	Follicular adenocarcinoma sec.	
	Adrenal cortical adenomas sec.	
	Adrenal cortical carcinoma sec.	
	Hypophyseal adenoma sec.	
	Simple goiter sec.	
	Fibrous thyroiditis sec.	
	Thyroid adenocarcinoma sec.	
	13. Diseases of Nervous System	
	Purulent meningitis sec.	
	Epidemic encephalitis B sec.	
	Meningeoma sec.	
	Neurinoma sec.	
	Neurofibroma sec.	
	Neuroastrocytoma sec.	
	14.Diseases of Muscular and Skeletal System	
	Osteochondroma sec.	
	Osteogenic sarcoma sec.	
	Giant cell tumor of bone sec.	
	Chondrosarcoma sec.
